**Subject:** Testimonial- Plug-in Pest Free Device

Sayang Alam Sdn Bhd,

I am completely convinced of the effectiveness of this device. Having installed it since 6 months ago we have not seen any cockroaches or rats in our house. For years we have been using chemicals to rid our houses of cockroaches and rats at a high cost. In spite of that we still see rats and cockroaches in our house.

The Plug-in Pest Free device is cost effective, chemical free and definitely effectively.
