Capt. Kung, Boon Chin

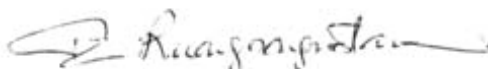

Dear Mr. Kung,

' **PestFree Device**

Thank you for giving us the opportunity to test the above device by giving us two units each for trial. We have been using them for a few months now in our houses which were previously infested with rats in the ceilings. Since the first week of installation, the rats seem to have disappeared. We are really impressed with your product and would gladly recommend highly to anyone with the same problems as us.

Looking forward to hearing from you regarding additional units which we would like to purchase.

Yours sincerely,

Mr. Pinit Ruangsangwatana
